    background: Color black;
    size: 300@200;
    geometry: BlEllipse new;
    addEventHandlerOn: BlMouseDownEvent  do:
        [ :evt | evt target background: Color random. ] .
```

4 Demo

We will do a live demo. The result will be this:

5 How we are going shoot it

We choose live demo because first it is GUI, second this is a more direct perfor-
mance.
